

### KINGSWAY ACADEMY ACCESSIBILITY POLICY

**SEPT 2016 – July 2017** 

Origination Authorised by Issue No. Page 1 of 11 Date **SJH RJS Rev B 11.02.2015 Review TJ 8.2.17** 

#### 1.0 Introduction

The Academy is committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

### 1.1 Legislation

This plan is drawn up in accordance with the Equality Act 2010, Schedule 10, paragraph 3. It draws on the guidance set out in "Accessible Schools: Planning to increase access to schools for disabled students", issued by DfES in July 2002.

### 1.2 Definition of Disability

Disability is defined by the Equality Act 2010:

"A person has a disability if they have a physical or mental impairment, and the impairment has a substantial and long-term adverse effect on their ability to perform normal day to day activities."

### 1.3 Key Objective of this Accessibility Plan

The policy objective aims to reduce and eliminate barriers to access to the curriculum and to full participation in the Academy community for students, prospective students and our adult users with a disability.

### 1.4 Principles behind this Accessibility Plan

- a) Compliance with the Equality Act 2010 is consistent with the Academy's, vision, mission and values, equal opportunities policy and the operation of the school's SEN policy;
- b) The Academy recognises its duty under the Equality Act 2010:

| □ not to discriminate against disabled students in their admissions, exclusions, provision |
|--|
| of education and associated services.  |
| □ not to treat disabled students less favourably.  |
| □ to take reasonable steps to avoid putting disabled students at a substantial             |
| disadvantage   |
| □ to publish an Accessibility Plan.  |

|-------------|---------------|-----------|---------|------------|
| SJH         | TJ            | Rev C     | r age 1 | 08/02/2017 |

- c) In performing their duties, governors and staff will have regard to the DRC Code of Practice (2002).
- d) The Academy recognises and values parents' knowledge of their child's disability and its effect on his/her ability to carry out normal activities, and respects the parents' and child's right to confidentiality.
- e) The Academy provides all students with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual students and their preferred learning styles.

### 2.0 Academy Vision, Mission & Values

#### 2.1 Vision

☐ A place for everyone to enjoy and achieve

This vision is supported by:

**TKA students are resourceful.** They leave us knowing who they are, their place in the world and how to lead a happy and successful life. They challenge themselves and are not hindered by circumstances because they have the skills to shape their own future and the self-awareness to make the most of it. They feel connected to themselves, those close to them and their local and global communities and this enables them to make skilful decision and responsible choices. They aim high, achieve at all levels and are able to respond effectively to a changing world. They are supported by adults who share and are able to model this philosophy of learning and who are highly skilled in engaging students in the learning experiences they need to transform their life chances. This learning vision is supported by:

A curriculum that scaffolds the students' learning journey by offering enjoyment, achievement, experience and rigour that widen future choices. It is culturally and academically rich, exposing them to new people, ideas and situations that challenge them to experience the unfamiliar and draw connections between themselves and their world. It is personalised, enabling students to build on new and emerging strengths, talents and aptitudes. It guides them on the journey from dependent to independent learners.

A personal development programme that helps them connect with themselves and other and develop confidence that extends to unfamiliar situations. Through the i-Lead Programme they experience new things that enable them to challenge and refine their sense of who they are and expand their horizon of opportunity. Through the Academy Merit System, students learn self-awareness, how to relate to others and how to study in order to achieve, engage and respond critically and creatively with the world around them. Through graduation, students identify their own learning journey and value the application of effort and determination to realise goals.

**Leadership** that infuses TKA vision to enable each of us: students, teachers and support staff to make the most of what we have and bring out the best in others. We are determined to improve the life chances and opportunities for our community. We are restless in our shared drive to make every day better than the last.

### 2.2 Mission

We aim that all our students are resourceful. They leave us knowing who they are, their place in the world and how to lead a happy and successful life. They challenge themselves and are not hindered by circumstances because they have the skills to shaper their own future and the self-awareness to make the most of it. They feel connected to themselves, those close to them and their local and global communities and this enables them to make skilful decisions and responsible choices. They aim high, achieve well and are able to respond effectively to a changing world. They are supported by adults who share and are able to model this philosophy of learning and who are highly skilled in engaging students in the learning experiences the need to transform their life chances.

- ☐ School Improvement Plan
- ☐ Curriculum Policies (various)

### 3.4 Information from Student Data & Academy Audit – General

The Academy is situated in an area with high levels of deprivation. 33.97% of our students receive free school meals compared with a national average of 13.2% (Jan 16). Of the 368 students on roll at the Academy; 140 (38%) are on the SEN List.

We have an above average population of students on an EHC plan. Our average is 4% and the National average is 2.8% (Jan 16).

We recognise that there are some students who have a disability as well as special educational needs and a small proportion that have a disability but not a special educational need (e.g. learning difficulty).

One of our strengths is in our early identification of children who may have a disability and our well established systems for ensuring that children are given the help and support that they need.

All our students, regardless of disability, have equal access to all aspects of the curriculum including, off site activities, sports and other events.

Before school trips take place, a member of staff generally make a pre-visit to the site to ensure that all children can access the site and the learning. Any trips are always subjected to a full risk assessment.

We aim to ensure that all children, including those with a disability, fulfil the five outcomes of the ECM agenda.

### 3.5 Information from Student Data & Academy Audit - Curriculum Access

Consideration is given to all students in the long, medium and short term planning for all teachers.

The deployment of Learning Support Assistants (LSAs) is based on objective assessment outcomes and student need.

Assessments are in place for students with learning difficulties & disabilities.

| Origination | Authorised By | Issue No. | Page 6  | Date       |
|-------------|---------------|-----------|---------|------------|
| SJH         | TJ            | Rev C     | l age o | 08/02/2017 |

Individual student profiling is in place for all students supported at EHC plan level. Access to computer technology to all students at all times.

Students are supported as needed by extra time, reader support and/or help to allow access to tests and assessments.

Academy clubs, sporting, cultural activities and Academy visits are accessible to all students including students with identified barriers to learning and participation. Actions include: risk assessment, provision of additional support and/or resources.

The Academy makes full use of a range of LA support services, social services, health professionals and the wider community.

The Academy SENCO attends LA & Academy SENDCO Networks and Family SENDCO meetings to keep abreast of new ideas/sharing of good practice.

All students are encouraged to take part in music, drama & physical activities. Lessons involve work to be done by individuals, pairs, groups & whole classes. Academy visits made accessible to all students irrespective of attainment or impairment. We ensure teachers & teaching assistants have the opportunity to have necessary training to support disabled students.

WAVE 1 Quality teaching for all students is a priority within the school.

A range of WAVE 2 and WAVE 3 interventions are available to support students to access the curriculum and make good progress.

High expectations are set for all students through the age related curriculum Layered Target Process – MUST, SHOULD and COULD.

A range of ICT equipment such are readily available to support students. The Academy makes use of visual prompts in a variety of ways including visual timetables and curriculum resourcing.

## 3.6 Information from Student Data & Academy Audit - Access to the Physical Environment

All play areas are ramped and accessible by wheelchairs, pushchair, walking frame users. There is a designated disabled parking space with room for a tail-lift vehicle

All teaching areas are accessible by wheelchairs/pushchairs/walking frames

Lifts are available as an alternative to steps, inside the building

Academy alarms have both auditory and visual components

Systems are in place for identified students to access dining room facilities/cafeteria five minutes early to avoid overcrowding

Systems are in place for identified students to leave classrooms five minutes early to use stairs/corridors safely and to aid independent mobility around school

Systems are in place to plan for the maximum access on educational visits

The Academy has available; a medical room & adapted toilets

The Academy already supports students with significant barriers to learning and participation with difficulties in the areas of; moderate, specific and severe learning, communication and interaction and social, emotional and behavioural difficulties

Were the Academy to admit a student using a wheelchair; wheelchair access would be available to all areas/floors and facilities. There is no element of curriculum provision or support services that are not easily accessible. Disabled WC facilities within the buildings meet current standards.

All new construction and alteration projects always factor in issues of access and DDA at the inception and design stages in order to maximise accessibility and usability. Emergency procedures include the provision of disabled refuges and the practical means that will allow people with disabilities to be evacuated from upper floor areas.

### 3.7 Information from Student Data & Academy Audit – Access to Information

Visual aids are used to support learning

Homework is set for all students in the most appropriate format and style

The Academy has access to a range of interpreters as required

Braille tutors are available, if needed, from the Local Authority

The Academy has some staff and students who are British Sign Language trained Extra time, use of keyboard, reader support and writer support are made available as required in all test and assessments

The Academy has access to Signs and Symbols training from the Inclusive Education Service

Visual timetables are provided for individual students in their classroom

Teachers follow the dyslexia-friendly principles when presenting text to students.
