The academy has made significant inroads to securing better attendance across the school narrowing the gap by over 1% in the year.

Literacy in year 7, in particular reading for meaning, has showed that the interventions allowed pupil premium students to make better than non-pupil premium students hence reducing the gap. This remains a school wide focus for the new academic year.

2. Attendance: Ensure gap between PP and Non PP student attendance is narrowed and that PP attendance is moving towards national comparators
3. Literacy (reading) a three year programme starting with year 7 & 8
4. Progress of PP students in years 7 & 9
