Revision	Revision	Revision	Revision	Revision	Revision

The home learning planner is shared by staff and students.

Home learning will vary in demand but 25 minutes of concentrated effort should allow an individual task to be completed. In year 11 home learning may be made up of more than one task.

It does not indicate when homework is set but rather a plan for students to follow to ensure that homework is done each week.

When there is no homework set we would encourage students to maintain the routine and revise the subject for that night.

Students may choose to amend this schedule due to clubs and other activities.

Can I remind all parents and students that homework club operates for an hour after school every day in the library? The library is also open during lunchtime to allow students to complete or research homework
